DESCRIPTION

NUS57 is a full body harness including 2 fall arrest attachment points: 1 in the front with textile loop and 1 in the back with metallic D ring. It is an innovative harness with its anti trauma buckles on legs which reduces the arrest force in case of a fall. It is fitted with automatic buckles on chest and legs straps. Available in 3 sizes it can be easily adjusted by pulling downwards the shoulder straps through the quick buckles.

USE

Full body harness to use in case of fall hazard. Intended to maintenance works in industry and the construction area.
